Interviews with 1,034 adult Americans conducted by telephone by Opinion Research Corporation on April 29 - May 1, 2011. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points.

FOR RELEASE: MONDAY, MAY 9 AT NOON
16. Now, thinking about the cost of gasoline, would you say the country is in a state of crisis, has major problems, has minor problems, or has no problems at all?
