

MITT ROMNEY

Pro-life?
Pro-choice?

PRO-PROFIT.

PRO-LIFE

"In 2007 Senator Jim DeMint said of Romney, 'He feels passionately that the value of human life begins at conception....'"

PRO-CHOICE

"I believe that abortion should be safe and legal in this country." (1994)

PRO-PROFIT

Mitt Romney personally profited from investments in a company named Stericycle.

What is Stericycle? The Christian Newswire described Stericycle as "America's leading medical waste disposal company for their collection, transportation and incineration of aborted children and the instruments used to kill them." (*Christian Newswire*, 1/20/11)

Stericycle even has a disposal contract with a clinic here in South Carolina.
