On August of 2011 my neighbors house was broken into while she was home with her infant son. The intruders attempted to attack her and her child; however, SPD reported to the scene of the crime and the robbers fled, my wife saw the intruders running from the home and became scared of the rising crime within our neighborhood. I, and my neighbors formed a "Neighborhood Watch Program" we were instructed by SPD to call the non-emergency line if we saw anything suspicious or 911 if we saw a crime in progress. Tonight, I was on my way to the grocery store when I saw a male approximately 5'11" to 6'2" casually walking in the rain looking into homes. I pulled my vehicle over and called SPD non-emergency phone number. I told the dispatcher what I had witnessed, the dispatcher took note of my location & the suspect fled.

To a darkened area of the sidewalk, as the dispatcher was asking me for an exact location the suspect emerged from the darkness & circled my vehicle. I could not hear if he said anything. The suspect once again disappeared between the back of some houses. The dispatcher once again asked me for my exact location I could not remember the name of the street so I got out of my car to look for a street sign. The dispatcher asked me for a description and the direction the suspect went I told the dispatcher I did not know but I was out of my vehicle looking for a street sign & the direction the suspect was. The dispatcher told me not to follow the suspect & that an officer was in route. As I headed back to my vehicle the

suspect emerged from the darkness and said "you got a problem" I said "no" The suspect said "you do now" As I looked
