

The logo consists of two parts. The top part is a grey rectangular box containing the text 'CNN | ORC' in a bold, black, sans-serif font. The 'CNN' is in a stylized, outlined font, while 'ORC' is in a solid black font. A vertical line separates 'CNN' and 'ORC'. The bottom part is a solid black rectangular box containing the word 'POLL' in a large, white, bold, sans-serif font.

Interviews with 1,014 adult Americans conducted by telephone by ORC International on June 11-13, 2013. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points.

The sample includes 710 interviews among landline respondents and 304 interviews among cell phone respondents.

15. The U.S. Senate is considering an immigration bill that would attempt to increase border security and create a path to citizenship for many immigrants who are in this country without permission from the U.S. government. Based on what you have read or heard about this bill, do you favor or oppose it?

June 11-13
2013

Favor	51%
Oppose	45%
No opinion	4%

16. What should be the main focus of the U.S. government in dealing with immigration policy:
(RANDOM ORDER)

June 11-13
2013

Creating a path to citizenship for many immigrants who are in this country without permission from the U.S. government	36%
Increasing border security to reduce or eliminate the number of immigrants coming into this country without permission from the U.S. government	62%
No opinion	2%

METHODOLOGY

A total of 1,014 adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage. Among the entire sample, 31% described themselves as Democrats, 25% described themselves as Republicans, and 44% described themselves as Independents or members of another party

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the national population to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups, but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed and instead are denoted with "N/A".

Question 15

The U.S. Senate is considering an immigration bill that would attempt to increase border security and create a path to citizenship for many immigrants who are in this country without permission from the U.S. government. Based on what you have read or heard about this bill, do you favor or oppose it?
