

The logo for the CNN | ORC POLL. It features the CNN logo in a stylized, outlined font on the left, followed by a vertical bar and the letters "ORC" in a bold, sans-serif font. Below this, the word "POLL" is written in large, bold, white capital letters on a black rectangular background.

CNN | ORC
POLL

Interviews with 841 adult Americans conducted by telephone by ORC International on October 18-20, 2013. The margin of sampling error for results based on the total sample is plus or minus 3.5 percentage points.

The sample includes 596 interviews among landline respondents and 245 interviews among cell phone respondents.

FOR RELEASE: MONDAY, OCTOBER 21 AT 4 PM

(ASKED OF HALF SAMPLE. RESULTS BASED ON 421 INTERVIEWS IN VERSION A -- SAMPLING ERROR: +/-5 PERCENTAGE POINTS.)

METHODOLOGY

A total of 841 adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage. Among the entire sample, 30% described themselves as Democrats, 20% described themselves as Republicans, and 50% described themselves as Independents or members of another party

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the national population to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups, but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed and instead are denoted with "N/A".

Question 7A

Please tell me whether you think each of the following political officeholders deserves to be re-elected or not:

A. The U.S. representative in your congressional district
