Dear Steven,

Within the past hour, I have received phone calls from:

- Jim Leonard - Treasury
- Joseph Mrozek - DOT
- Commissioner Constable - Community Affairs
- Marc Ferzan of Office Recovery & Rebuilding

All of which cancelled the meetings on the 23rd. They quoted scheduling conflicts and offered no alternative dates.

At this juncture, I believe Michelle Brown of Economic Development (3:00) and Bill Baroni (4:00) of the Port Authority are still coming.

They also cancelled the DOT meeting set for the 29th.

Subject: Meeting Request.

Bill

I am following up again requesting a meeting with regards to overlapping issues between the PA and JC. This is very important to us in jersey city and would appreciate the cooperation.

As a side note, I am not sure if it is a coincidence that your office cancelled a meeting several weeks back that seemed to be simultaneous to other political conversations elsewhere that were happening. Prior to that you were always very responsive and I sincerely hope the two issues are not related as it wouldn't be in the PA, Jersey City, or the residents of the state's best interest.

Please let me know when we can meet in the near future and we can work around your availability.

Steven M. Fulop
