

The logo consists of two parts. The top part is a grey rectangle containing the text 'CNN | ORC' in a bold, black, sans-serif font. The 'CNN' is in a stylized, rounded font, followed by a vertical bar, and then 'ORC' in a more standard sans-serif font. The bottom part is a black rectangle containing the word 'POLL' in a large, white, bold, sans-serif font.

**Interviews with 1,014 adult Americans conducted by telephone by ORC International on September 5-7, 2014. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points.**

**The sample also includes 910 interviews among registered voters (plus or minus 3.5 percentage points)**

**The sample includes 652 interviews among landline respondents and 362 interviews among cell phone respondents.**

---

**FOR RELEASE: TUESDAY, SEPTEMBER 16 AT 4:30 PM**

32. How worried are you that you or someone in your family will become a victim of the Ebola virus -- very worried, somewhat worried, not too worried, or not worried at all?

Sept. 5-7  
2014

Very worried	8%
Somewhat worried	19%
Not too worried	34%
Not worried at all	39%
No opinion	*

## **METHODOLOGY**

A total of 1,014 adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage. Among the entire sample, 29% described themselves as Democrats, 22% described themselves as Republicans, and 49% described themselves as Independents or members of another party

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the national population to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups, but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed and instead are denoted with "N/A".

CNN/ORC International Poll -- September 5 to 7, 2014

Question 32

How worried are you that you or someone in your family will become a victim of the Ebola virus -- very worried, somewhat worried, not too worried, or not worried at all?

Base = Total Sample
