

Kansas

In Kansas, interviews with 1,025 adult Americans conducted by telephone by ORC International on October 2-6, 2014. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points. The Kansas sample also includes 867 interviews among registered voters (plus or minus 3.5 percentage points) and 687 interviews among likely voters (plus or minus 3.5 percentage points). In Kansas, 720 interviews were conducted among landline respondents and 305 interviews among cell phone respondents.

FOR RELEASE: WEDNESDAY, OCTOBER 8 AT 4 PM

1. As you may know, there will be no Democratic candidate for U.S. Senate on the ballot in Kansas this November. If the election for U.S. Senate were held today and the candidates were Greg Orman, the Independent, and Pat Roberts, the Republican, who would you be more likely to vote for? (IF UNSURE:) As of today, who do you lean more toward? (RANDOM ORDER)

	<u>Roberts</u>	<u>Orman</u>	<u>Other (vol.)</u>	<u>Neither (vol.)</u>	<u>No opinion</u>
<u>Likely Voters</u>

METHODOLOGY

In Kansas, a total of 1,025 adults were interviewed by telephone. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect statewide Census figures for gender, race, age, education and region of the state. Registered voters were asked questions about their likelihood of voting, past voting behavior, and interest in the campaign; based on the answers to those questions, 687 respondents were classified as likely voters. Among those likely voters, 21% described themselves as Democrats, 36% described themselves as Independents, and 43% described themselves as Republicans.

In the Kansas crosstabs, the state regions are composed of the following counties: the "KC Area" region is composed of Johnson and Wyandotte counties; the "Topeka/NE" region is composed of Atchison, Douglas, Jackson, Jefferson, Leavenworth, Osage and Shawnee counties; the "East" region is composed of Allen, Anderson, Bourbon, Brown, Chase, Chautauqua, Cherokee, Coffey, Cowley, Crawford, Doniphan, Elk, Franklin, Geary, Greenwood, Labette, Linn, Lyon, Marshall, Miami, Montgomery, Morris, Nemaha, Neosho, Pottawatomie, Riley, Wabaunsee, Wilson and Woodson counties; the "Wichita Area" region is composed of Butler, Harvey, Sedgwick and Sumner counties; the "West" region is composed of Barber, Barton, Cheyenne, Clark, Clay, Cloud, Comanche, Decatur, Dickinson, Edwards, Ellis, Ellsworth, Finney, Ford, Gove, Graham, Grant, Gray, Greeley, Hamilton, Harper, Haskell, Hodgeman, Jewell, Kearny, Kingman, Kiowa, Lane, Lincoln, Logan, McPherson, Marion, Meade, Mitchell, Morton, Ness, Norton, Osborne, Ottawa, Pawnee, Phillips, Pratt, Rawlins, Reno, Republic, Rice, Rooks, Rush, Russell, Saline, Scott, Seward, Sheridan, Sherman, Smith, Stafford, Stanton, Stevens, Thomas, Trego, Wallace, Washington and Wichita counties.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the population of Kansas to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed.

Likely Voter

Question 1/1A

Q1. As you may know, there will be no Democratic candidate for U.S. Senate on the ballot in Kansas this November. If the election for U.S. Senate were held today and the candidates were Greg Orman, the Independent, and Pat Roberts, the Republican, who would you be more likely to vote for -- Q1A. As of today, do you lean more toward -- ?

Likely Voter

Question 6A

We'd like to get your overall opinion of those candidates, regardless of whether or not you plan to vote for them. As I read each name, please say if you have a favorable or unfavorable opinion of that person -- or if you have never heard of them before today.

A. Paul Davis
