

Interviews with 1,011 adult Americans conducted by telephone by ORC International on December 18-21, 2014. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points.

The sample includes 660 interviews among landline respondents and 351 interviews among cell phone respondents.

15. Based on what you have read or heard, do you favor or oppose building the Keystone XL pipeline?

	Dec. 18-21 2014				
Favor	57%				
Oppose	28%				
No opinion	15%				

METHODOLOGY

A total of 1,011 adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage. Among the entire sample, 28% described themselves as Democrats, 22% described themselves as Republicans, and 50% described themselves as Independents or members of another party

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the national population to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups, but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed and instead are denoted with "N/A".

CNN/ORC International Poll -- December 18 to 21, 2014

Question 15

Based on what you have read or heard, do you favor or oppose building the Keystone XL pipeline?
