

# Ohio

Interviews with 1,006 adult Ohioans conducted by telephone by ORC International on September 7-12, 2016. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points.

The Ohio sample also includes 895 interviews among registered voters (plus or minus 3.5 percentage points) and 769 interviews among likely voters (plus or minus 3.5 percentage points).

In Ohio, 606 interviews were conducted among landline respondents and 400 interviews among cell phone respondents.

# **EMBARGOED FOR RELEASE:**

Wednesday, Sept. 14 at 4:00 p.m.

BASED ON 891 REGISTERED VOTERS AND 4 WHO PLAN TO REGISTER, FOR A TOTAL OF 895 REGISTERED VOTERS -- SAMPLING ERROR: +/- 3.5 PERCENTAGE PTS.

- Q1. (P5) Now suppose that the presidential candidates on the ballot in your state included Hillary Clinton as the Democratic Party's candidate, Donald Trump as the Republican Party's candidate, Gary Johnson as the independent candidate, and Jill Stein as the Green Party candidate, who would you be more likely to vote for? (RANDOM ORDER)
- Q1a. (P5a) (IF NONE OR DON'T KNOW) As of today, do you lean more toward --?

	Clinton	Trump	<u>Johnson</u>	Stein	None (vol.)	Other (vol.)	No opinion
Registered Voters Sept 7-12, 2016	39%	43%	12%	3%	3%	*	1%
Likely Voters Sept 7-12, 2016	41%	46%	8%	2%	2%	*	1%

BASED ON 860 REGISTERED VOTERS WHO SUPPORT A CANDIDATE FOR PRESIDENT -- SAMPLING ERROR: +/- 3.5 PERCENTAGE PTS.

Q2. (P2) Is your mind made up about who you will vote for, or is it possible you would change your mind?

	Sept 7-12 2016
Mind made up	73%
Could change mind	26%
No opinion	1%

BASED ON 891 REGISTERED VOTERS AND 4 WHO PLAN TO REGISTER, FOR A TOTAL OF 895 REGISTERED VOTERS -- SAMPLING ERROR: +/- 3.5 PERCENTAGE PTS.

# **METHODOLOGY**

A total of 1,006 Ohio adults were interviewed by telephone statewide by live interviewers calling both landline and cellphones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect statewide Census figures for gender, race, age, education and region of the state.

This sample includes 606 interviews among landline respondents and 400 interviews among cell phone respondents.

Respondents were asked questions about whether they are registered to vote, their likelihood of voting, past voting behavior, and interest in the campaign. Based on the answers to those questions, 769 respondents were classified as likely voters. Among those likely voters, 31% described themselves as Democrats, 32% described themselves as Republicans and 37% described themselves as independents or members of another party.

The Ohio regions are composed of the following counties: the "Cleveland Area" region is composed of Cuyahoga, Lake and Lorain counties; the "North" region is composed of Ashtabula, Defiance, Erie, Fulton, Geauga, Henry, Huron, Lucas, Mahoning, Medina, Ottawa, Portage, Sandusky, Stark, Summit, Trumbull, Wayne, Williams, and Wood counties; the "Ohio Valley/West" region is composed of Adams, Allen, Ashland, Athens, Auglaize, Belmont, Brown, Carroll, Champaign, Clark, Clermont, Clinton, Columbiana, Coshocton, Crawford, Darke, Fayette, Gallia, Guernsey, Hancock, Hardin, Harrison, Highland, Hocking, Holmes, Jackson, Jefferson, Lawrence, Logan, Meigs, Mercer, Monroe, Morgan, Muskingum, Noble, Paulding, Perry, Pike, Putnam, Richland, Ross, Scioto, Seneca, Shelby, Tuscarawas, Van Wert, Vinton, Washington, and Wyandot counties, the "Columbus Area" regions composed of Delaware, Fairfield, Franklin, Knox, Licking, Madison, Marion, Morrow, Pickaway and Union counties and the "Cincinnati/Dayton Area" region is composed of Butler, Greene, Hamilton, Miami, Montgomery, Preble and Warren counties.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the population of Ohio to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed.

# Question P5

Now suppose that the presidential candidates on the ballot in your state included Hillary Clinton as the Democratic Party candidate, Donald Trump as the Republican Party candidate, Gary Johnson as the Independent candidate, and Jill Stein as the Green Party candidate, who would you be more likely to vote for?
