METHODOLOGY

A total of 1,025 North Carolina adults were interviewed by telephone statewide by live interviewers calling both landline and cellphones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect statewide Census figures for gender, race, age, education and region of the state.

This sample includes 523 interviews among landline respondents and 502 interviews among cell phone respondents.

Respondents were asked questions about whether they are registered to vote, their likelihood of voting, past voting behavior, and interest in the campaign. Based on the answers to those questions, 788 respondents were classified as likely voters. Among those likely voters, 35% described themselves as Democrats, 34% described themselves as independents or members of another party, and 31% described themselves as Republicans

In the North Carolina crosstabs, the state regions are composed of the following counties: the "East" region is composed of Beaufort, Bertie, Bladen, Brunswick, Camden, Carteret, Chowan, Columbus, Craven, Cumberland, Currituck, Dare, Duplin, Edgecombe, Gates, Greene, Halifax, Harnett, Hertford, Hyde, Jones, Lenoir, Martin, Nash, New Hanover, Northampton, Onslow, Pamlico, Pasquotank, Pender, Perquimans, Pitt, Robeson, Sampson, Tyrrell, Washington, Wayne and Wilson counties; the "Raleigh-Durham Triangle" region is composed of Chatham, Durham, Franklin, Granville, Johnston, Orange, Person, Vance, Wake and Warren counties; the "Charlotte Area" region is composed of Cabarrus, Gaston, Lincoln, Mecklenburg and Union counties; the "Piedmont/Central" region is composed of Alamance, Anson, Caswell, Davidson, Davie, Forsyth, Guilford, Hoke, Lee, Montgomery, Moore, Randolph, Richmond, Rockingham, Rowan, Scotland, Stanly and Stokes counties; and the "West" region is composed of Alexander, Alleghany, Ashe, Avery, Buncombe, Burke, Caldwell, Catawba, Cherokee, Clay, Cleveland, Graham, Haywood, Henderson, Iredell, Jackson, McDowell, Macon, Madison, Mitchell, Polk, Rutherford, Surry, Swain, Transylvania, Watauga, Wilkes, Yadkin and Yancey counties.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the population of North Carolina to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed.
