

**Interviews with 1,000 adult Americans conducted by telephone by ORC International on January 12-15, 2017. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points.**

**This sample includes 500 interviews among landline respondents and 500 interviews among cell phone respondents.**

---

**EMBARGOED FOR RELEASE:  
Wednesday, January 18 at 6:00 a.m.**

Q5. (FV1.) We'd like to get your overall opinion of some people in the news. As I read each name, please say if you have a favorable or unfavorable opinion of these people -- or if you have never heard of them. (RANDOM ORDER)

**All Americans**

	<u>Favor- able</u>	<u>Unfavor- able</u>	<u>Never heard of</u>	<u>No opinion</u>
<b>Michelle Obama</b>	69%	26%	*	5%
<b>Barack Obama</b>	63%	34%	*	2%

\* Asked of a half sample.

(ASKED OF HALF SAMPLE. RESULTS BASED ON 501 INTERVIEWS IN VERSION B. SAMPLING ERROR: +/- 4.5 PERCENTAGE POINTS.)

Q18. Thinking about your personal financial situation, about a year from now, do you expect your financial situation to be better than it is today, worse than it is today or about the same as it is today?

Jan. 12-15  
2017

Better off	40%
Worse off	11%
Same (vol.)	48%
No opinion	1%

## METHODOLOGY

A total of 1,000 adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. Among the entire sample, 32% described themselves as Democrats, 24% described themselves as Republicans, and 44% described themselves as independents or members of another party.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the national population to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups, but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed and instead are denoted with "NA".

Question FV1BHO

We'd like to get your overall opinion of some people in the news. As I read each name, please say if you have a favorable or unfavorable opinion of these people -- or if you have Never heard of them.

BHO. Barack Obama
