

YOUR SIGNATURE IS NEEDED TO RECALL SENATOR JOHN MORSE

Dear Second Amendment Supporter:

May 9, 2013

Your state Senator John Morse led the charge to pass extreme and onerous anti-gun state legislation in Denver earlier this year. Responsible gun owners and sportsmen will be forever burdened by his misguided leadership in the Colorado Senate.

- X Senator Morse championed legislation to make lawful firearm owners liable for criminals' misuse of firearms.
- X Senator Morse voted to erode your inherent right to self-defense by banning standard capacity magazines.
- X Senator Morse voted to subject law-abiding citizens to an additional fee (gun tax) when purchasing a firearm.
- X Senator Morse voted to prohibit and criminalize the private transfer of firearms.

Therefore, your NRA is coordinating a recall effort with the Basic Freedom Defense Fund to put Senator Morse on the ballot for a special election and vote him out of office.

You can help the effort to remove Senator Morse from office by:

- Going to www.basicfreedomdefensefund.org;
- Finding a local petition signing location; and
- Signing the petition to recall Senator Morse.

Senator Morse blatantly violated your rights this legislative session, and needs to be removed from office. Call **303-557-0833** for more information.
