Ohio

Interviews with 1,002 adult Ohioans conducted by telephone by ORC International on March 2 - 6, 2016. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points.

The sample also includes 884 who were registered to vote, 359 who were likely to vote in the Republican presidential primary and 294 who were likely to vote in the Democratic presidential primary.

This sample includes 602 interviews among landline respondents and 400 interviews among cell phone respondents.

EMBARGOED FOR RELEASE:
Wednesday, March 9 at 6:00 a.m.

BASED ON INTERVIEWS WITH 359 REPUBLICAN LIKELY VOTERS -- SAMPLING ERROR: +/- 5 PERCENTAGE PTS.

RP1.   If the Republican presidential primary in Ohio were held today, please tell me which of the following people you would be most likely to support. Ben Carson, Ted Cruz, John Kasich, Marco Rubio, Donald Trump (RANDOM ORDER)

	Mar. 2-6 2016

METHODOLOGY

A total of 1,002 Ohio adults were interviewed by telephone statewide by live interviewers calling both landline and cellphones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect statewide Census figures for gender, race, age, education and region of the state.

This sample includes 602 interviews among landline respondents and 400 interviews among cell phone respondents.

Respondents were asked questions about whether they are registered to vote, their likelihood of voting, past voting behavior, and interest in the campaign. Based on the answers to those questions, 678 respondents were classified as likely voters, including 359 who were likely to participate in the Republican presidential primary and 294 who were likely to participate in the Democratic presidential primary.

The Ohio regions are composed of the following counties: the "Cleveland Area" region is composed of Cuyahoga, Lake and Lorain counties; the "North" region is composed of Ashtabula, Defiance, Erie, Fulton, Geauga, Henry, Huron, Lucas, Mahoning, Medina, Ottawa, Portage, Sandusky, Stark, Summit, Trumbull, Wayne, Williams, and Wood counties; the "Ohio Valley/West" region is composed of Adams, Allen, Ashland, Athens, Auglaize, Belmont, Brown, Carroll, Champaign, Clark, Clermont, Clinton, Columbiana, Coshocton, Crawford, Darke, Fayette, Gallia, Guernsey, Hancock, Hardin, Harrison, Highland, Hocking, Holmes, Jackson, Jefferson, Lawrence, Logan, Meigs, Mercer, Monroe, Morgan, Muskingum, Noble, Paulding, Perry, Pike, Putnam, Richland, Ross, Scioto, Seneca, Shelby, Tuscarawas, Van Wert, Vinton, Washington, and Wyandot counties, the "Columbus Area" regions composed of Delaware, Fairfield, Franklin, Knox, Licking, Madison, Marion, Morrow, Pickaway and Union counties and the "Cincinnati/Dayton Area" region is composed of Butler, Greene, Hamilton, Miami, Montgomery, Preble and Warren counties.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the population of Ohio to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed.
